

Pet evacuation & care plan

For small household pets. Type or print; attach detailed care instructions and extra pet sheets.

Leave immediately when ordered and take pets with you. Don't delay to pack or fill this out. Plan early for animals that need extra time. Call 911 for immediate danger.

EVERY PET NEEDS A PLAN

Pet / type / markings

ID or microchip

Carrier / leash location

Current photos with owner, vaccination and medical records are stored at

TRANSPORT AND HELP WHEN NOBODY IS HOME

Primary vehicle / driver / person responsible for each pet

Backup helper / phone / backup vehicle

Helper's agreed access instructions / hiding places / carrier and kit location

☐ We tested that all people, pets, carriers and supplies fit in the vehicle. Pets have practiced entering their carriers. IDs and microchip contacts are current.

TWO POSSIBLE DESTINATIONS

Confirm species, size, carrier and medical-care requirements directly. Check current county shelter information during an incident; availability and pet policies change.

Destination A / contact / pet requirements / date confirmed

Destination B / contact / pet requirements / date confirmed

Keep completed copies private, especially home access details. Share only with trusted caregivers.

Pack the kit & write the care plan

Keep familiar supplies ready and review storage, expiration dates and care instructions.

PET SUPPLIES

- ☐ Seven days of familiar food and water; bowls and a can opener if needed.
- ☐ Medication supply arranged with your veterinarian; ask about two weeks, refill access, storage and written dosing instructions.
- ☐ Vaccination and medical records, identification and current photos.
- ☐ A suitable carrier or crate for each pet that needs one, plus secure leashes, harnesses and extra ID tags.
- ☐ Litter or waste bags, cleaning supplies, pet first-aid supplies, flashlight, batteries and familiar bedding or a toy.

INSTRUCTIONS ANOTHER CAREGIVER CAN FOLLOW

Pet	Food / schedule	Medication / care instructions

Regular veterinarian / phone

Emergency veterinary option / phone (confirm availability)

Authorized care decision-maker / phone / written instructions location

Practice / supply review date and next review

Horses and livestock need a separate plan. Arrange suitable transport and a confirmed destination early; use the county's large-animal guidance below.
