A SHORT LIST FROM YOUR HOST

A name and one useful note beat a long list. Add the place you would choose for each kind of stop.

Host favorite	Place or idea	Why we like it / useful note
Coffee / breakfast		
Lunch / dinner		
Groceries / picnic		
Walk / redwoods		
Shop / rainy day		

THREE EASY WAYS TO CHOOSE AN OUTING

Wander downtown. Use the Directory to choose a food stop and a local shop before you head out.

Spend time under the redwoods. Browse the Visit guide, then check the destination's own site for current access and conditions.

See what's happening. Check the Events calendar and confirm time, location, tickets, or registration with the host.

MAKE TODAY'S PLAN

Main outing	Coffee, lunch, or dinner stop
Backup idea	When to leave / be back

A FEW NEIGHBORLY NOTES

- ☐ Check the destination's own site before leaving when hours, admission, parking, pets, or trail access matter.
- ☐ Park only where allowed, keep driveways clear, respect private property, and take your trash with you.
- ☐ Save the address and key details before heading into the mountains if your plan depends on cell service.
